# COMING SOON

Cordless innovation is more than just bigger batteries. It's about creating battery technology and motor engineering that work together for optimum performance.

## XGT CORDLESS BENEFITS

### HIGH BATTERY OUTPUT

XGT is a genuine solution for high demand industrial applications. A combination of innovative tool design and higher output batteries.

### SMART TECHNOLOGY

The XGT range of tools and batteries have been designed with innovative smart technology. This unique communication process is the foundation for advanced technology advances.

### DURABLE

XGT is durable and built to perform. Reliable tools are a must for all professional applications, none more so than high demand industrial applications.
